<b>PT Lentera Bangsa Benderang</b>	<b>Kab. Tangerang, Banten</b>
<b>Frontend Web Developer</b> , Internship	Feb 2023 - Jun 2023
<ul style="list-style-type: none"><li>• The job of a front end developer is to develop the visual interface or appearance on a website page. responsible for implementing visual and interactive elements that will be used by users when accessing the website through a browser. Front end refers to the part of the website that is directly visible to the user, including images, colors, menu bars, drop down menus, and the like. The website development process starts with a team of UI/UX designers who design the look or design of the website. Front end developers will then translate the design into actual code using programming languages such as CSS, HTML, and JavaScript.</li></ul>
